Narcissi are probably the favorite flowers of the garden in early spring, and by proper selection of varieties the blooming season will reach from March until early May. Of the easiest culture in both house and garden, the massive trumpets of the Ajax section or the dainty blooms of the smaller varieties are alike satisfactory. Darwin Tulips

In modern times no tulips have aroused the admiration that has been accorded to the Darwins. Vigorous in growth, with larger flowers and longer stems than any others, and at the same time exhibiting the most clear, delicate and beautiful colors of the family. In the garden they show best planted in groups or clumps of ten or more of one variety and they need not be disturbed for several years. They bloom from the middle to last of May long after most other Holland bulbs have passed. For house decoration where soft colors and long stems are required, they are simply unrivaled.

Crocus

When we are looking for signs of spring we all watch for the blue-bird, the robin and the crocus. While we cannot control the appearance of the birds there is little excuse for doing without the gayest of all harbingers of spring, the crocuses. Planted in pots, in beds, clumps or lines in the garden, or scattered in the grass of the lawn, they are perfectly reliable everywhere.

We consider Peonies to be the most satisfactory decorative garden plants under cultivation today. In beauty, color and fragrance they rival the finest roses and are far superior to them in vigor, hardiness and freedom from disease and insect pests.

Owing to the unfamiliarity of the Japanese names we suggest that they be ordered by number.

TERMS OF BUSINESS

CONCERNING OUR PRICES

The prices quoted in this catalogue are for bulbs and plants of first quality only, true to name and in sound and healthy condition, properly packed and delivered to the Express or Freight office in Deerfield, free of all charges. Express or freight charges for transportation from Deerfield must, however, be paid by the purchaser.

SHIPPING

It is our custom to ship our goods by EXPRESS as we find the service more satisfactory and, as a rule, cheaper, owing to the size and weight of the packages.

If any customer prefers the PARCEL POST we will forward small packages in that manner, provided sufficient postage is remitted with the order. Any excess will be returned.

We guarantee our bulbs and roots to be true to name, healthy and in sound condition and strictly first class. We will not, however, be responsible for the failure of any to grow or thrive, as such failure may result from causes wholly beyond our control, such as improper treatment, unfavorable weather, soil or climate. Should any difficulty arise through any fault or mistake of our own we will gladly rectify it. If the purchaser does not accept the goods on these terms they are at once to be returned, and money that has been paid for the same will be refunded.

Orders from unknown correspondents must be accompanied by cash or satisfactory references.

We prefer not to receive C. O. D. orders, but if such are sent they must be accompanied by cash to one-fourth of the value of the goods ordered to insure acceptance.

A discount of 5 per cent. on all orders amounting to $5 or more will be allowed if received before July 1st, if money accompanies the order; after July 1st 2 per cent. may be deducted.

Money should be sent only by safe methods, preferably postal or express money orders payable to **FRANKEN BROTHERS** at **Deerfield, Illinois,** or drafts on Chicago or New York.

SPECIAL NOTICE!

All persons to whom this catalogue is sent will also receive, in January next, our Price List of Summer-Flowering Bulbs and Hardy Perennials for Spring planting.

We have for years supplied our bulbs and plants to many of the large estates in the beautiful suburban towns on the lake north of Chicago. This fact alone is indicative of the quality of our stock.

TELEPHONE

We may be conveniently reached by telephone from Chicago and the towns along the "North Shore".

Our number is Deerfield 241.

We shall be glad to supply Holland grown bulbs and plants not named in this catalogue, to be ordered prior to July 1st, and will quote prices for the varieties desired upon application.
